Re: Use of Corte-Clean Composite Deck cleaner™

Corte-Clean Composite Deck Cleaner can be used as an Eco-Friendly alternative to Bleach based deck cleaners, when cleaning Trex materials. This has been tested by Trex, and shown to work as well or better than most non-bleach based cleaning alternatives.

As with all cleaners, Trex makes no claims as to their effectiveness in removing stains or mold. All manufacture instructions should be followed when using any cleaning product on Trex Composite Decking materials. For tougher stains a scrub brush, and/or several cleanings may be needed to completely remove staining.

Sincerely,

Bart L. Kelly

Technical Service Engineer
